CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains forward-looking statements that involve substantial risks and uncertainties. All statements other than statements of historical facts contained in this Quarterly Report on Form 10-Q, including statements relating to our financial condition, results of operations, plans, objectives, future performance and business, are forward-looking statements. In some cases, you can identify forward-looking statements because they contain words such as “may,” “will,” “should,” “expects,” “plans,” “anticipates,” “could,” “intends,” “target,” “projects,” “contemplates,” “believes,” “estimates,” “predicts,” “would,” “potential,” “likely,” or “continue” or the negative of these terms or other similar expressions. Forward-looking statements contained in this Quarterly Report on Form 10-Q may include, but are not limited to, statements about:

- general economic, market or business conditions as well as those in the specific industry and markets in which our business operates which may impact customer demand for our products;
- our ability to meet our publicly announced guidance or other expectations about our business;
- our future financial performance, including our revenue, costs of revenue, and operating expenses;
- our ability to grow profitability;
- our ability to expand our operations and increase capacity;
- our anticipated uses of cash in the short and long terms and the sufficiency of our sources of liquidity;
- our ability to defend against claims and mitigate adverse results from any legal proceedings against us and the merits of any claims or suits against us;
- our recent history of losses and our ability to continue as a going concern;
- our ability to limit our accounts receivable and credit risk exposure;
- our future investments, if any, in additional facilities to facilitate our expected growth;
- our future uses of capital to pursue potential acquisitions, if any, that further or accelerate our strategy;
- our future use of equity or debt financings to execute our business strategy;
- our ability to take advantage of certain exemptions from various reporting requirements generally applicable to public companies;
- our expectations regarding the period during which we qualify as an emerging growth company under the Jumpstart Our Business Startups Act of 2012 (the JOBS Act);
- the impact of any pandemic, epidemic, or outbreak of infectious disease, natural disasters, geopolitical unrest, war, terrorism, public health issues or other catastrophic events may have on our business and our ability to actively manage our response to these types of events;
- our future adoption of critical accounting policies and estimates;
- our ability to increase the scale and capacity of, or otherwise effectively adjust, our manufacturing processes and systems in response to market demands;
- the impact of increased competition from additional companies entering the market and the availability of more advanced technologies in the market;
- our ability to hire and retain key personnel;
- our ability to obtain capital on favorable terms, or at all;
- our ability to generate future revenue growth in market segments such as emerging therapeutic and diagnostic modalities;
- the impact of increased costs on our operations, including materials, labor, inflation, and interest rates;
- our ability to use cash on hand to meet current and future financial obligations, including funding our operations, debt service requirements, and capital expenditures;
- the enforceability of our exclusive forum provisions in our amended and restated certificate of incorporation;
- our customers’ sensitivity to product nonconformances, defects, and errors;

- the availability of exemption of our products from compliance with the U.S. Food, Drug and Cosmetic Act (FDCA);
- our ability to secure and maintain a stable supply of raw materials in the future;
- our ability to maintain a corporate culture that contributes to our success;
- the marketability of our products across a wide range of markets and the probability of success or revenue opportunity in our target markets;
- regulatory developments in the United States (U.S.) and other countries;
- the impact of revenue recognition rules and other factors on our financial results;
- our ability to obtain, maintain, and enforce intellectual property protection for our current and future products, including our ability to protect our trade secrets, trademarks, and trade names; and
- the ongoing expenses associated with being a public company.

We caution you that the foregoing list may not contain all the forward-looking statements made in this Quarterly Report on Form 10-Q.

We have based the forward-looking statements contained in this Quarterly Report on Form 10-Q primarily on our current expectations and projections about future events and trends that we believe may affect our business, financial condition, results of operations, prospects, business strategy, and financial needs. The outcome of the events described in these forward-looking statements is subject to risks, uncertainties, assumptions, and other factors described in the section titled “Risk Factors” in Part I, Item 1A, of our Annual Report on Form 10-K filed with the SEC on March 2, 2026 (the 2025 Annual Report on Form 10-K) and elsewhere in this Quarterly Report on Form 10-Q. These risks are not exhaustive. Other sections of this Quarterly Report on Form 10-Q include additional factors that could adversely impact our business and financial performance. Furthermore, new risks and uncertainties emerge from time to time, and it is not possible for us to predict all risks and uncertainties that could have an impact on the forward-looking statements contained in this Quarterly Report on Form 10-Q. We cannot assure you that the results, events, and circumstances reflected in the forward-looking statements will be achieved or occur, and actual results, events, or circumstances could differ materially from those described in the forward-looking statements.

In addition, statements that “we believe” and similar statements reflect our beliefs and opinions on the relevant subject, based upon information available to us as of the date of this Quarterly Report on Form 10-Q. While we believe that information forms a reasonable basis for such statements, it may be limited or incomplete, and our statements should not be read to indicate that we have conducted an exhaustive inquiry into, or review of, all potentially available relevant information. These statements are inherently uncertain, and investors are cautioned not to rely upon them unduly.

The forward-looking statements in this Quarterly Report on Form 10-Q are made as of the date hereof. We undertake no obligation to update any forward-looking statements after the date of this Quarterly Report on Form 10-Q or to conform such statements to actual results or revised expectations, except as required by law.

Unless the context otherwise requires, the terms “Teknova,” the “Company,” “we,” “us,” and “our” in this Quarterly Report on Form 10-Q refer to Alpha Teknova, Inc.

ALPHA TEKNOVA, INC.
NOTES TO CONDENSED FINANCIAL STATEMENTS
(Unaudited)

Note 1. Nature of the Business

Teknova produces critical reagents for the discovery, development, and commercialization of novel therapies, vaccines, and molecular diagnostics. Product offerings include pre-poured media plates for cell growth and cloning; liquid microbial culture media and supplements for cellular expansion; and molecular biology reagents for sample manipulation, resuspension, and purification. Teknova supports customers spanning the life sciences market, including pharmaceutical and biotechnology companies, contract development and manufacturing organizations, in vitro diagnostic franchises, and academic and government research institutions, with catalog and custom, made-to-order products.

Teknova manufactures its products at its Hollister, California headquarters and stocks inventory of raw materials, components, and finished goods at that location. The Company ships products directly from its warehouse in Hollister, California.

Note 2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting, Presentation and Use of Estimates

The accompanying unaudited condensed interim financial statements and related notes have been prepared in accordance with U.S. generally accepted accounting principles (GAAP) and applicable rules and regulations of the Securities and Exchange Commission (SEC) regarding interim financial reporting. Certain information and footnote disclosures normally included in the financial statements prepared in accordance with GAAP have been condensed or omitted in accordance with such rules and regulations.

The unaudited condensed financial statements have been prepared on a basis consistent with the audited annual financial statements as of and for the year ended December 31, 2025, and, in the opinion of management, reflect all adjustments, consisting solely of normal recurring adjustments, necessary for the fair presentation of the results for the interim periods presented. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain amounts of assets, liabilities, revenue, expenses, and related disclosures at the date of the financial statements and during the reporting period. Actual results may differ from those estimates.

These unaudited condensed financial statements should be read in conjunction with the Company's audited financial statements and the related notes thereto as of and for the year ended December 31, 2025, included in the Company's Annual Report on Form 10-K filed with the SEC on March 2, 2026 (the 2025 Annual Report on Form 10-K). Refer to "Notes to Financial Statements—Note 2. Basis of Presentation and Summary of Significant Accounting Policies," within the 2025 Annual Report on Form 10-K for a full list of the Company's significant accounting policies. The information in those notes has not changed except as a result of normal adjustments in the interim periods.

Recently Adopted Accounting Pronouncements

In July 2025, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2025-05, which amends Accounting Standards Codification (ASC) 326, *Financial Instruments—Credit Losses*, to provide an optional practical expedient for estimating expected credit losses on current accounts receivable and current contract assets arising from contracts with customers. Under this practical expedient, entities may elect to assume that conditions as of the balance sheet date do not change over the remaining life of the asset. The Company elected this practical expedient and applied the guidance prospectively beginning January 1, 2026. The adoption of this ASU did not have a material impact on the Company's condensed financial statements, and the Company does not expect its adoption to have a material impact on its financial statements in future periods.

Accounting Pronouncements Not Yet Adopted

In November 2024, the FASB issued ASU 2024-03, *Income Statement—Reporting Comprehensive Income—Expense Disaggregation Disclosures (Subtopic 220-40)*, which requires the disaggregation of specific expense categories in the notes to the financial statements, as well as a qualitative description of remaining expense amounts that are not separately disaggregated. The standard is effective for annual reporting periods beginning after December 15, 2026, and requires prospective application, with the option to apply it retrospectively. The Company is currently evaluating the impact of this standard on its disclosures.

In September 2025, the FASB issued ASU 2025-06, which clarifies and modernizes the accounting for costs related to internal-use software in ASC 350-40, *Intangibles—Goodwill and Other—Internal-Use Software*. The guidance removes references to project stages in ASC 350-40 and clarifies the threshold at which entities begin capitalizing costs. Additionally, it specifies disclosure

requirements for capitalized software costs accounted for under ASC 350-40, regardless of how those costs are presented in the financial statements. The guidance is effective for fiscal years beginning after December 15, 2027, including interim reporting periods, with early adoption permitted. The Company is currently evaluating the impact of this standard on its financial statements.

Note 3. Segment Reporting

Operating segments are defined as components of an entity for which separate financial information is available and that are regularly reviewed by the Chief Operating Decision Maker (CODM) to allocate resources to a segment and assess its performance. Teknova's CODM is its Chief Executive Officer, currently Stephen Gunstream. Teknova derives revenue primarily in the United States through the manufacture and sale of critical reagents. Teknova has determined that it operates as one reporting unit, one operating segment, and one reportable segment, as the CODM reviews financial information on a consolidated basis for purposes of allocating resources, making operating decisions, and evaluating financial performance.

The CODM assesses performance and decides how to allocate resources and make operating decisions based on net loss, as reported in the statement of operations. Net loss is also used to monitor budget versus actual results. Segment assets are measured as total assets, as reported on the balance sheet. Revenues, expenses, and assets requiring disclosure in accordance with ASC 280, *Segment Reporting*, are included in the accompanying financial statements. See the Condensed Statements of Operations for the three months ended March 31, 2026 and 2025 and the Condensed Balance Sheets as of March 31, 2026 and December 31, 2025, for details.

Note 4. Revenue Recognition

Teknova recognizes revenue from the sale of manufactured products and services when the Company transfers control of promised goods or services to customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those goods or services. Control is transferred when the customer has the ability to direct the use of and obtain benefits from the goods or services. The majority of the Company's sales agreements contain performance obligations satisfied at a point in time when control is transferred to the customer.

Teknova's revenue, disaggregated by product category, was as follows (in thousands):

	For the Three Months Ended March 31,	
	2026	2025
Lab Essentials	\$ 8,395	\$ 8,117
Clinical Solutions	2,145	1,162
Other	537	516
Total revenue	<u>\$ 11,077</u>	<u>\$ 9,795</u>

Teknova's revenue, disaggregated by geographic region, was as follows (in thousands):

	For the Three Months Ended March 31,	
	2026	2025
United States	\$ 10,561	\$ 9,272
International	516	523
Total revenue	<u>\$ 11,077</u>	<u>\$ 9,795</u>

Note 5. Concentrations of Risk

Customers

Customers that accounted for 10% or more of the Company's revenues and outstanding balance of accounts receivable were as follows:

	For the Three Months Ended March 31,		As of	As of
	2026	2025	March 31, 2026	December 31, 2025
Distributor customer A	22%	22%	21%	16%

The Company's customers that are distributors, as opposed to direct customers, represent highly diversified customer bases.

Suppliers

Suppliers that accounted for 10% or more of the Company's inventory purchases and outstanding balance of accounts payable were as follows:

	For the Three Months Ended March 31,		As of	As of
	2026	2025	March 31, 2026	December 31, 2025
Distributor supplier A	33%	34%	19%	29%
Direct supplier A	26%	21%	13%	14%

The Company's suppliers that are distributors, as opposed to direct suppliers, represent highly diversified supplier bases.

Note 6. Short-term Held-to-Maturity Investments

The Company invests excess cash balances in short-term U.S. Treasuries. Investments are classified based on the facts and circumstances present at the time of purchase. The appropriateness of that classification is subsequently reassessed at each reporting date. As of March 31, 2026, the Company has both the ability and intention to hold these investments until maturity and therefore has classified these investments as held-to-maturity and recorded them at amortized cost which approximates fair value and presented them in "Short-term investments, held-to-maturity" on the Condensed Balance Sheets. The fair value of the Company's short-term investments was based on quoted prices in active markets for these investments (Level 1). The income recognized for these investments was recorded within interest income on the Condensed Statements of Operations.

Note 7. Inventories, Net

Inventories consisted of the following (in thousands):

	As of	As of
	March 31, 2026	December 31, 2025
Finished goods, net	\$ 3,394	\$ 4,117
Work in process	206	101
Raw materials, net	3,274	2,836
Total inventories, net	\$ 6,874	\$ 7,054

Note 8. Property, Plant, and Equipment, Net

Property, plant, and equipment consisted of the following (in thousands):

	As of	As of
	March 31, 2026	December 31, 2025
Machinery and equipment	\$ 31,249	\$ 30,095
Office furniture and equipment	892	892
Vehicles	333	333
Leasehold improvements	24,965	24,868
	57,439	56,188
Less—Accumulated depreciation	(18,662)	(17,372)
	38,777	38,816
Construction in progress	1,747	2,917
Total property, plant, and equipment, net	\$ 40,524	\$ 41,733

For each of the three months ended March 31, 2026 and 2025, depreciation expense was \$1.3 million.

Note 9. Leases

The Company leases office space, warehouse and manufacturing space, and equipment. The Company's lease agreements have remaining lease terms of 3 to 12 years, and some of these leases have renewal and termination options exercisable at the Company's election. Terms and conditions to extend or terminate such leases are recognized as part of the right-of-use assets and lease liabilities where reasonably certain to be exercised. All of the Company's leases are operating leases.

The components of lease expense and other information related to leases were as follows (in thousands):

	For the Three Months Ended March 31,	
	2026	2025
Operating lease expense	\$ 669	\$ 684
Variable lease expense	112	113

Note 12. Long-Term Debt, Net

On March 3, 2025, the Company entered into the Second Amended and Restated Credit and Security Agreement (Term Loan) as borrower, with MidCap Financial Trust (MidCap), as agent and lender, and the additional lenders from time to time party thereto (the Second Amended and Restated Term Loan Credit Agreement) and the Second Amended and Restated Credit and Security Agreement (Revolving Loan) as borrower, with MidCap as agent and lender, and the additional lenders from time to time party thereto (the Second Amended and Restated Revolving Loan Credit Agreement, together with the Second Amended and Restated Term Loan Credit Agreement, the Second Amended and Restated Credit Agreement).

The Second Amended and Restated Credit Agreement provides for a \$28.245 million credit facility consisting of a \$23.245 million senior secured term loan (Term Loan) and a \$5.0 million working capital facility (Revolver). The Term Loan consists of the \$12.135 million balance outstanding under the previous term loan, plus an additional \$1.110 million related to the exit fee that would otherwise have been due upon closing of the Second Amended Restated Term Loan Credit Agreement, as well as an additional tranche of \$10.0 million that may become available for use in an acquisition, with MidCap's consent. The maximum loan amount under the Revolver is \$5.0 million, with borrowings limited in accordance with a borrowing base calculation, based solely on eligible accounts receivable. As of March 31, 2026, there were no amounts outstanding under the Revolver, and \$3.6 million was available based on borrowing base estimates.

The interest on the Term Loan is based on the forward-looking one-month term Secured Overnight Financing Rate adjusted upward by 0.10% (Term SOFR), plus an applicable margin of 6.45%, subject to a Term SOFR floor of 3.75%. If any advance under the Term Loan is prepaid at any time, a prepayment fee is charged based on the amount being prepaid and an applicable percentage amount, such as 4%, 3%, or 1%, based on the date the prepayment is made. Interest on an outstanding balance under the Revolver is payable monthly in arrears at an annual rate of Term SOFR plus an applicable margin of 4.00%, subject to a Term SOFR floor of 3.75%.

The Second Amended and Restated Credit Agreement includes minimum net revenue requirements that are measured on a trailing twelve-month basis and a minimum cash requirement throughout the term of the Second Amended and Restated Credit Agreement. The minimum cash requirement is \$8.0 million, which includes cash and cash equivalents as well as short-term investments in U.S. Treasuries, under the terms of the Second Amended and Restated Credit Agreement. The Company was in compliance with financial covenants under the terms of the Second Amended and Restated Credit Agreement as of March 31, 2026.

The maturity date of the Second Amended and Restated Credit Agreement is March 1, 2030, with principal repayments beginning on April 1, 2028. On the date of termination of the Term Loan or the date on which the obligations under the Term Loan become due and payable in full, the Company will pay an exit fee in an amount equal to 5.0% of the total aggregate principal amount of term loans made pursuant to the Second Amended and Restated Term Loan Credit Agreement as of such date. All loans issued under the Second Amended and Restated Credit Agreement are collateralized by the Company's assets.

Long-term debt, net consisted of the following (in thousands):

	As of March 31, 2026	As of December 31, 2025

As of March 31, 2026, the fair value of the Company's long-term debt approximated its carrying value. The fair value of the Company's long-term debt was based on observable market inputs (Level 2).

Note 13. Stock-Based Compensation

Equity Incentive Plans

The Company maintains a stock incentive plan that permits the granting of incentive stock options or nonqualified stock options, stock appreciation rights, restricted stock awards, restricted stock unit awards, performance awards, and other stock-based awards. The equity-based awards for employees generally vest over a four-year period. For initial equity-based awards granted to employees, the first vest is generally a one-year cliff vest, followed by monthly vesting for the final three years. Thereafter, annual equity-based awards granted to employees typically vest monthly over the four-year vest term, except for restricted stock units which vest annually over a four-year period. The initial equity-based awards granted to the Company's non-employee, independent directors upon appointment to the board of directors vest over a three-year period, with the first vest being a one-year cliff, followed by monthly vesting over the remaining two years. Thereafter, annual equity-based awards granted to the Company's non-employee, independent directors cliff vest after one year from the date of grant.

Employee Stock Purchase Plan

The Company maintains an employee stock purchase plan (ESPP) that authorizes the issuance of shares of common stock pursuant to purchase rights granted to eligible employees. Unless otherwise determined by the Company's board of directors, shares of the Company's common stock will be purchased for the accounts of employees participating in the Company's ESPP at a price per share equal to the lesser of (i) 85% of the fair market value of a share of the Company's common stock on the first day of an offering; or (ii) 85% of the fair market value of a share of the Company's common stock on the date of purchase. Offering periods are generally six months long; offering periods begin on June 1 and December 1 of each year. The Company issued zero shares of common stock under the ESPP during the three months ended March 31, 2026 and 2025.

Stock-Based Compensation Expense

Stock-based compensation expense included in the accompanying condensed financial statements was as follows (in thousands):

	For the Three Months Ended March 31,	
	2026	2025
Cost of sales	\$ 20	\$ 29
Research and development	9	(8)
Sales and marketing	92	47
General and administrative	574	784
Total stock-based compensation expense	\$ 695	\$ 852

Stock-based compensation expense related to stock options was \$0.7 million for the three months ended March 31, 2026, and \$0.8 million for the three months ended March 31, 2025. Unrecognized compensation expense related to stock options was \$5.3 million at March 31, 2026, which is expected to be recognized as expense over the weighted-average period of 2.91 years.

Stock-based compensation expense related to restricted stock units was not significant for each of the three months ended March 31, 2026 and 2025. Unrecognized compensation expense related to restricted stock units was \$0.1 million at March 31, 2026, which is expected to be recognized as expense over the weighted-average period of 0.91 years.

Stock-based compensation expense related to the ESPP was not significant for either the three months ended March 31, 2026 and 2025. Total compensation expense related to the ESPP not yet recognized was not significant at March 31, 2026. As of March 31, 2026, an insignificant amount has been withheld on behalf of employees for future purchases under the ESPP.

Note 14. Income Taxes

For the three months ended March 31, 2026 and 2025, the Company's income tax expense was not significant. The effective tax rates for the three months ended March 31, 2026 and 2025 were (1.0%) and (0.5%), respectively. The effective tax rates differ from the federal statutory rate primarily due to operating losses not expected to produce an income tax benefit.

The Company had insignificant unrecognized tax benefits as of March 31, 2026 and 2025. The Company recognizes interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. The Company does not expect the

balance of unrecognized tax benefits to change significantly over the next twelve months. The Company had not accrued interest or penalties related to uncertain tax positions as of March 31, 2026 or 2025. The Company is currently under examination by the Internal Revenue Service for the 2023 tax year. The Company is not currently under examination by any other taxing authorities or for any other taxable years.

Note 15. Net Loss Per Share

Basic net loss per share is computed by dividing net loss by the weighted-average number of shares of common stock outstanding during the period. Diluted net loss per share is computed by giving effect to all potentially dilutive common stock equivalents to the extent they are dilutive. For purposes of this calculation, stock options, restricted stock units, and employee stock purchase rights, are considered to be common stock equivalents but have been excluded from the calculation of diluted net loss per share as their effect is anti-dilutive for all periods presented.

The following table sets forth the computation of basic and diluted net loss per share (in thousands, except share and per share data):

	For the Three Months Ended March 31,	
	2026	2025
Net loss	\$ (4,555)	\$ (4,645)
Weighted average shares used in computing net loss per share—basic and diluted	53,606,278	53,421,533
Net loss per share—basic and diluted	\$ (0.08)	\$ (0.09)

The following is a summary of the common stock equivalents for the securities outstanding during the respective periods that have been excluded from the computation of diluted net loss per common share, as their effect would be anti-dilutive:

	For the Three Months Ended March 31,	
	2026	2025
Equity-based compensation	5,620,950	4,426,635

Note 16. Related Parties

Telegraph Hill Partners Management Company LLC, through its affiliated investment funds (collectively, “THP”), is the Company’s controlling stockholder. Entities under common control of THP are considered related parties. The Company sells products to certain entities affiliated with THP.

For the three months ended March 31, 2026, the Company recognized revenue from THP-affiliated entities of \$0.2 million. For the three months ended March 31, 2025, such revenue was not significant. Accounts receivable from THP-affiliated entities was \$0.2 million and not significant as of March 31, 2026 and December 31, 2025, respectively.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations.

You should read the following discussion and analysis of our financial condition and results of operations together with our unaudited condensed financial statements and related notes thereto included in Part I, Item I of this Quarterly Report on Form 10-Q and with our audited financial statements and related notes thereto for the year ended December 31, 2025, included in the 2025 Annual Report on Form 10-K (the 2025 Annual Report on Form 10-K) filed on March 2, 2026, with the Securities and Exchange Commission (SEC). For a discussion of factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis and elsewhere in this Quarterly Report on Form 10-Q, you should review the risk factors identified in Part I, Item 1A, Risk Factors, of our 2025 Annual Report on Form 10-K and in Item 1A, Risk Factors, of this Quarterly Report on Form 10-Q.

As in Item 1. of this Quarterly Report on Form 10-Q, in this Item 2, unless the context otherwise requires, the terms “Teknova,” the “Company,” “we,” “us,” and “our” refer to Alpha Teknova, Inc.

Overview

Since our founding in 1996, we have been producing critical reagents for the discovery, development, and commercialization of novel therapies, vaccines, and molecular diagnostics. Our approximately 3,000 customers span the entire continuum of the life sciences market, including leading pharmaceutical and biotechnology companies, contract development and manufacturing organizations, in vitro diagnostics franchises, and academic and government research institutions. Our Company is built around our knowledge, methods, and know-how in our proprietary manufacturing processes, which are highly adaptable and configurable. These proprietary processes enable us to manufacture and deliver high-quality, custom, made-to-order products with short turnaround times and at scale, across all stages of our customers’ product development, from early research through commercialization.

We have two primary product categories: (i) Lab Essentials, and (ii) Clinical Solutions. Our products cross all stages of development, from early research through commercialization. We offer three primary product types: (i) pre-poured media plates for cell growth and cloning; (ii) liquid microbial culture media and supplements for cellular expansion; and (iii) molecular biology reagents for sample manipulation, resuspension, and purification. Our liquid microbial culture media and supplements and molecular biology reagents are available in both of our two primary product categories; pre-poured media plates are available in our Lab Essentials category only.

We are ISO 13485:2016 certified, enabling us to manufacture products for use in diagnostic and therapeutic applications. Our certification allows us to offer solutions across the entire customer product development workflow, supporting our customers’ need for materials in greater volume and that meet increasingly stringent quality requirements as they scale from research to commercialization.

We manufacture our products at our Hollister, California headquarters and stock inventory of raw materials, components, and finished goods at that campus. We rely on a limited number of suppliers for certain raw materials, and we have no long-term supply arrangements with our suppliers, as we order on a purchase order basis. We ship our products directly from our warehouse in Hollister, California, to our customers and distributors, generally pursuant to purchase orders. We typically recognize revenue when products are shipped.

We generated revenue of \$11.1 million during the three months ended March 31, 2026, which represented an increase of \$1.3 million compared to revenue of \$9.8 million during the three months ended March 31, 2025. For the three months ended March 31, 2026 and 2025, only 4.7% and 5.3%, respectively, of our revenue was generated from customers located outside of the United States. Our sales outside of the United States are denominated in U.S. Dollars. We primarily generate sales through direct channels and a small salesforce, supported by an established network of distributors.

We had an operating loss of \$4.3 million during the three months ended March 31, 2026, compared to an operating loss of \$5.0 million during the three months ended March 31, 2025. While our expenses may fluctuate over the short term, we expect our expenses will increase in future periods, but at a slower rate, in connection with our ongoing activities as we:

- attract, hire, and retain qualified personnel;
- invest in processes and infrastructure to improve operating efficiency and expand capacity at our facilities, including the ramp up of our new warehouse and distribution facility;
- build our brand awareness and market presence through targeted marketing initiatives, strategic partnerships, and expanded sales efforts; and
- increase investment in selling and marketing activities to drive customer acquisition, strengthen channel relationships, and support revenue growth across existing and new markets.

Impact of Broader Economic Trends on Our Business

We continue to closely monitor economic uncertainty in the U.S. and abroad. General inflation in the U.S. rose in recent years to levels not experienced in recent decades. While the rate of inflation has moderated in recent years, general inflation, including rising prices for our raw materials and other inputs, tariffs, as well as rising salaries and other expenses, can negatively impact our business by increasing our cost of sales and operating expenses. Inflation, together with uncertainty regarding future interest rate changes, and broader macroeconomic uncertainty, may cause our customers to reduce, delay, or cancel orders for our goods and services, thereby causing a decrease in or change in the timing of sales of our products and services. We cannot predict the impact of future inflation and interest rate changes on the results of our operations. Furthermore, changes to tariff and related international trade policy that began in 2025 has created uncertainty about the broader economy and our business. For further information regarding the impact of these economic factors on the Company, please see the risk factors identified in Part I, Item 1A, Risk Factors, of our 2025 Annual Report on Form 10-K.

Revenue

Our revenue disaggregated by product category for the three months ended March 31, 2026 and 2025, was as follows (dollars in thousands):

	For the Three Months Ended March 31,		\$ Change	% Change
	2026	2025		
Lab Essentials	\$ 8,395	\$ 8,117	\$ 278	3.4%
Clinical Solutions	2,145	1,162	983	84.6%

Total revenue	<u>\$ 11,077</u>	<u>\$ 9,795</u>	<u>\$ 1,282</u>	<u>13.1%</u>

Total revenue was \$11.1 million and \$9.8 million for the three months ended March 31, 2026 and 2025, respectively.

Lab Essentials revenue was \$8.4 million for the three months ended March 31, 2026, an increase of \$0.3 million, or 3.4%, compared to \$8.1 million for the three months ended March 31, 2025. The increase in Lab Essentials revenue was attributable to higher average revenue per customer, partially offset by a decreased number of customers.

Clinical Solutions revenue was \$2.1 million for the three months ended March 31, 2026, an increase of \$1.0 million, or 84.6%, compared to \$1.2 million for the three months ended March 31, 2025. The increase in Clinical Solutions revenue was attributable to an increased number of customers and, to a slightly lesser extent higher average revenue per customer.

Our revenue disaggregated by geographic region, for the three months ended March 31, 2026 and 2025, was as follows (dollars in thousands):

	For the Three Months Ended March 31,		\$ Change	% Change
	2026	2025

Total revenue	<u>\$ 11,077</u>	<u>\$ 9,795</u>	<u>\$ 1,282</u>	<u>13.1%</u>

Revenue from U.S. sales was \$10.6 million and \$9.3 million for the three months ended March 31, 2026 and 2025, respectively. Revenue from U.S. sales as a percentage of our total revenue was consistent period over period, representing 95.3% and 94.7% of our total revenue during the three months ended March 31, 2026 and 2025, respectively.

Revenue from international sales was \$0.5 million for each of the three months ended March 31, 2026 and 2025, respectively. Revenue from international sales as a percentage of our total revenue was also consistent period over period, representing 4.7% and 5.3% of our total revenue during the three months ended March 31, 2026 and 2025, respectively.

Gross profit

Our gross profit for the three months ended March 31, 2026 and 2025, was as follows (dollars in thousands):

	For the Three Months Ended March 31,		\$ Change	% Change
	2026	2025		
Cost of sales	\$ 7,293	\$ 6,788	\$ 505	7.4%
Gross profit	3,784	3,007	777	25.8%
Gross profit %	34.2%	30.7%		

Gross profit percentage was 34.2% and 30.7% for the three months ended March 31, 2026 and 2025, respectively. The increase in gross profit was primarily driven by higher revenue.

Operating expenses

Our operating expenses for the three months ended March 31, 2026 and 2025, were as follows (dollars in thousands):

	For the Three Months Ended March 31,		\$ Change	% Change
	2026	2025		
Research and development	\$ 609	\$ 552	\$ 57	10.3%
Sales and marketing	2,128	1,640	488	29.8%

Amortization of intangible assets	287	287	—	—
Total operating expenses	\$ 8,082	\$ 7,971	\$ 111	1.4%

Research and development expenses were consistent at \$0.6 million and \$0.6 million for the three months ended March 31, 2026 and 2025, respectively.

Sales and marketing expenses were \$2.1 million and \$1.6 million for the three months ended March 31, 2026 and 2025, respectively. The increase was primarily driven by higher headcount and increased marketing expenses.

General and administrative expenses were \$5.1 million and \$5.5 million for the three months ended March 31, 2026 and 2025, respectively. The decrease was primarily driven by lower stock-based compensation expense and professional fees.

Amortization of intangible assets was consistent at \$0.3 million for each of the three months ended March 31, 2026 and 2025.

Other (expenses) income, net

Our other (expenses) income, net for the three months ended March 31, 2026 and 2025, were as follows (dollars in thousands):

	For the Three Months Ended March 31,		\$ Change	% Change
	2026	2025		
Interest expense, net	\$ (219)	\$ (144)	\$ (75)	52.1%

Other income	9	—	9	100.0%
Total other (expenses) income, net	\$ (210)	\$ 341	\$ (551)	(161.6)%

Total other (expenses) income, net was an expense of \$0.2 million for the three months ended March 31, 2026, compared to income of \$0.3 million for the three months ended March 31, 2025. The increase in total other expense, net was primarily attributable to the \$0.5 million adjustment recognized on the exit fee concurrent with the refinancing of our credit agreement during the three months ended March 31, 2025.

Provision for income taxes

Our provision for income taxes for the three months ended March 31, 2026 and 2025, was as follows (dollars in thousands):

	For the Three Months Ended March 31,		\$ Change	% Change
	2026	2025		
Provision for income taxes	\$ 47	\$ 22	\$ 25	113.6%
Effective tax rate	(1.0)%	(0.5)%		

Our income taxes were not significant for either the three months ended March 31, 2026 or 2025. The effective tax rates for the three months ended March 31, 2026 and 2025 were (1.0)% and (0.5)%, respectively. The effective tax rates differ from the federal statutory rate primarily due to operating losses not expected to produce an income tax benefit.

Liquidity and Capital Resources

The primary sources of financing for our operations are our (i) registered direct offering and concurrent private placement completed in September 2023, which resulted in aggregate gross proceeds of \$22.9 million before deducting offering expenses of \$0.4 million and the prepayment of \$10.0 million of the Term Loan, and (ii) private placement completed in July 2024, which resulted in aggregate gross proceeds of \$15.4 million before deducting offering expenses of \$0.2 million.

Our principal liquidity requirements are to fund our operations and capital expenditures. During the three months ended March 31, 2026, we incurred net losses of \$4.6 million. In addition, as of March 31, 2026, we had an accumulated deficit of \$140.3 million and \$13.2 million in borrowings outstanding under our Term Loan (defined below). As of March 31, 2026, we had \$24.8 million in net working capital, which included \$17.8 million in cash and cash equivalents and short-term investments. Our material

cash requirements from known contractual obligations and commitments relate primarily to operating leases for our office, manufacturing, warehouse, and distribution facilities at March 31, 2026. See “Notes to Financial Statements—Note 9. Leases,” for a discussion of our lease obligations reflected on our Condensed Balance Sheets.

In addition to our existing cash and cash equivalents and short-term investments, our principal source of liquidity is our credit facility. On March 3, 2025, we entered into the Second Amended and Restated Credit Agreement with MidCap Financial (Midcap) Trust which provides for loan commitments in an aggregate amount of up to \$28.245 million consisting of a \$23.245 million senior secured term loan (Term Loan) and a \$5.0 million working capital facility (Revolver). The Term Loan consists of the \$12.135 million balance outstanding under the previous term loan, plus an additional \$1.110 million related to the exit fee that would otherwise have been due upon closing of the Second Amended and Restated Term Loan Credit Agreement, as well as an additional tranche of \$10.0 million that may become available for use in an acquisition, with MidCap’s consent. As of March 31, 2026, there were no amounts outstanding under the Revolver, and \$3.6 million was available based on borrowing base estimates. The Second Amended and Restated Credit Agreement includes minimum net revenue requirements that are measured on a trailing twelve-month basis and a minimum cash requirement throughout the term of the agreement. The minimum cash requirement is \$8.0 million, which includes cash and cash equivalents as well as short-term investments in U.S. Treasuries. We were in compliance with our financial covenants under the terms of the Second Amended and Restated Credit Agreement as of March 31, 2026. See “Notes to Financial Statements—Note 12. Long-Term Debt, Net” for a more detailed discussion of the material terms of our Second Amended and Restated Credit Agreement.

On July 10, 2025, we filed a “shelf” registration statement on Form S-3 (Reg. No. 333-288613) with the SEC, which was declared effective on July 16, 2025. This shelf registration statement, which includes a base prospectus, allows us at any time to offer any combination of securities described in the prospectus in one or more offerings for our own account in an aggregate amount up to \$225 million. The Form S-3 is intended to provide us flexibility to conduct registered sales of our securities, subject to market conditions and our future capital needs. The terms of any future offering under the shelf registration statement will be established at the time of such offering and will be described in a prospectus supplement filed with the SEC prior to the completion of any such offering.

The following table sets forth, for the periods indicated, net cash flows used in operating activities, provided by investing activities, and used in financing activities (in thousands):

	For the Three Months Ended March 31,	
	2026	2025
Net cash used in operating activities	\$ (3,359)	\$ (4,103)
Net cash provided by investing activities	1,841	3,824
Net cash used in financing activities	(88)	(52)
Net decrease in cash and cash equivalents	<u>\$ (1,606)</u>	<u>\$ (331)</u>

Operating Activities

Net cash used in operating activities for both the three months ended March 31, 2026 and 2025 consisted primarily of net loss, adjusted for certain non-cash items, and changes in working capital and other operating activities.

Net cash used in operating activities was \$3.4 million for the three months ended March 31, 2026, which primarily consisted of net loss of \$4.6 million plus net adjustments for non-cash charges of \$2.7 million, offset by net changes in operating assets and liabilities of \$1.5 million. The primary non-cash adjustments to net loss included \$1.6 million of depreciation and amortization, \$0.7 million of stock-based compensation, and a \$0.4 million provision for inventory. The main drivers of the changes in operating assets and liabilities were a \$1.1 million increase in accounts receivable, a \$0.8 million decrease in accrued liabilities, and a \$0.2 million increase in inventories, partially offset by a \$0.3 million increase in accounts payable, and a \$0.2 million decrease in prepaid expenses and other current assets.

Net cash used in operating activities was \$4.1 million for the three months ended March 31, 2025, which primarily consisted of net loss of \$4.6 million plus net adjustments for non-cash charges of \$2.3 million, offset by net changes in operating assets and liabilities of \$1.8 million. The primary non-cash adjustments to net loss included \$1.6 million of depreciation and amortization, \$0.9 million of stock-based compensation, and \$0.4 million provision for inventory, partially offset an adjustment to the loan exit fee of \$0.5 million, and amortization of the discount on short-term investments of \$0.2 million. The main drivers of the changes in operating assets and liabilities were a \$1.3 million increase in accounts receivable, a \$1.0 million decrease in accrued liabilities, and a \$0.2 million increase in inventories, partially offset by a \$0.7 million increase in accounts payable.

Investing Activities

Net cash provided by investing activities was \$1.8 million for the three months ended March 31, 2026, which consisted of maturities of short-term investments of \$6.0 million, partially offset by purchases of short-term investments of \$3.9 million and purchases of property, plant, and equipment of \$0.2 million.

Net cash used in investing activities was \$3.8 million for the three months ended March 31, 2025, which consisted of maturities of short-term investments of \$6.0 million, partially offset by purchases of short-term investments of \$2.0 million and purchases of property, plant, and equipment of \$0.2 million.

Financing Activities

Net cash provided by financing activities was \$0.1 million for the three months ended March 31, 2026, which was primarily attributable to repayment of financed insurance premiums of \$0.1 million.

Net cash used in financing activities was \$0.1 million for the three months ended March 31, 2025, which was primarily attributable to payment of exit fee costs of \$1.1 million and repayment of financed insurance premiums of \$0.1 million, largely offset by proceeds from long-term debt of \$1.1 million.

Critical Accounting Policies and Estimates

For a discussion of our critical accounting estimates, refer to "Management's Discussion and Analysis of Results of Operations and Financial Condition" in Part II, Item 7 and the notes to our financial statements in Part II, Item 8 of our 2025 Annual Report on Form 10-K. See also "Notes to Financial Statements—Note 2. Basis of Presentation and Summary of Significant Accounting Policies," to our condensed financial statements included in Part I, Item 1 of this Quarterly Report on Form 10-Q. There have been no material changes to our critical accounting estimates since our 2025 Annual Report on Form 10-K.

Emerging Growth Company and Smaller Reporting Company

We qualify as an "emerging growth company" as defined in the JOBS Act. As long as we qualify as an emerging growth company, we may take advantage of certain exemptions from various reporting requirements and other burdens that are otherwise applicable generally to public companies. These provisions include, but are not limited to:

- reduced obligations with respect to financial data, including presenting only two years of audited financial statements;
- an exemption from compliance with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act;
- reduced disclosure about our executive compensation arrangements in our periodic reports, proxy statements, and registration statements; and
- exemptions from the requirements of holding non-binding advisory votes on executive compensation or golden parachute arrangements.

In addition, under the JOBS Act, emerging growth companies can delay adopting new or revised accounting standards until such time as those standards apply to private companies. We have elected to avail ourselves of this exemption from adopting new or revised accounting standards, and, therefore, we will not be subject to the same new or revised accounting standards as other public companies that are not emerging growth companies or that have opted out of using such extended transition period, which may make comparison of our financial statements with those of other public companies more difficult. We may take advantage of these reporting exemptions until we no longer qualify as an emerging growth company, or, with respect to adoption of certain new or revised accounting standards, until we irrevocably elect to opt out of using the extended transition period.

Under the JOBS Act, we will remain an emerging growth company until the earliest to occur of:

- the last day of the fiscal year in which we have total annual gross revenues of \$1.235 billion or more;
- the last day of our fiscal year following the fifth anniversary of the date of the closing of our initial public offering, which we completed in June 2021;
- the date on which we have issued more than \$1.0 billion in nonconvertible debt during the previous three years; and
- the date on which we are deemed to be a "large accelerated filer" under the Securities Exchange Act of 1934, as amended (the Exchange Act) (i.e., the first day of the fiscal year after we have (i) more than \$700.0 million in outstanding common equity held by our non-affiliates, measured each year on the last business day of our most recently completed second fiscal quarter, and (ii) been public for at least 12 months).

We are also a “smaller reporting company” as defined in Rule 12b-2 under the Exchange Act. We may continue to be a smaller reporting company even after we are no longer an emerging growth company. We may take advantage of certain of the scaled disclosures available to smaller reporting companies until the fiscal year following the determination that (i) the market value of our voting and non-voting common stock held by non-affiliates equals or exceeds \$250.0 million measured on the last business day of our most recently completed second fiscal quarter, and our annual revenues are more than \$100.0 million during the most recently completed fiscal year or (ii) the market value of our voting and non-voting common stock held by non-affiliates equals or exceeds \$700.0 million measured on the last business day of our most recently completed second fiscal quarter.

Recent Accounting Pronouncements

A description of recent accounting pronouncements that may potentially impact our financial position, results of operations, or cash flows is disclosed in “Notes to Financial Statement—Note 2. Basis of Presentation and Summary of Significant Accounting Policies,” to our condensed financial statements included in Part I, Item 1 of this Quarterly Report on Form 10-Q.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

We are a smaller reporting company, as defined in Rule 12b-2 under the Exchange Act for this reporting period and are not required to provide the information required under this item.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act), as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on the evaluation of our disclosure controls and procedures as of March 31, 2026, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective.

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting during the quarter ended March 31, 2026, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Limitations on Effectiveness of Controls and Procedures

In designing and evaluating the disclosure controls and procedures and internal control over financial reporting, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. In addition, the design of disclosure controls and procedures and internal control over financial reporting must reflect the fact that there are resource constraints, and that management is required to apply judgment in evaluating the benefits of possible controls and procedures relative to their costs.

PART II—OTHER INFORMATION

Item 1. Legal Proceedings.

We are not a party to any material legal proceedings at this time. From time to time, we may become involved in various legal proceedings that arise in the ordinary course of business. For example, we may in the future become involved in legal proceedings relating to customers, employees, suppliers, competitors, government agencies, or others. We will evaluate any claims and lawsuits with respect to their potential merits, our potential defenses and counter claims, and the expected effect on us of defending the claims and a potential adverse result. However, the results of any litigation, investigation, or other legal proceedings are inherently unpredictable and potentially expensive. Any claims against us, whether meritorious or not, could be time consuming, result in costly litigation, damage our reputation, require significant amounts of management time, and divert significant resources. If any legal proceedings were to be determined adversely to us, or we were to enter into a settlement arrangement, we could be exposed to monetary damages or limits on our ability to operate our business, which could have an adverse effect on our business, financial condition, and operating results.

Item 1A. Risk Factors.

While we attempt to identify, manage, and mitigate risks and uncertainties associated with our business to the extent practical under the circumstances, some level of risk and uncertainty will always be present. Item 1A—“Risk Factors” in the 2025 Annual Report on Form 10-K describes some of the risks and uncertainties associated with our business, which we strongly encourage you to review. These risks and uncertainties have the potential to materially affect our business, financial condition, results of operations, cash flows, projected results, and future prospects. Except as set forth below, there have been no material changes in our risk factors from those disclosed in the 2025 Annual Report on Form 10-K.

We have incurred operating losses in the past and may incur losses in the future.

We have incurred operating losses in the past, may incur operating losses in the future and may never achieve or maintain profitability. For the three months ended March 31, 2026, we incurred net losses of \$4.6 million. We have incurred and will continue to incur costs in connection with legal, accounting, and other administrative expenses related to operating as a public company and we expect that our operating expenses will increase modestly with the growth of our business. Since our inception, we have financed our operations primarily through revenue from our products, the sale of our equity securities, and debt. While our revenue has generally grown over the last several years, including 2025 compared to 2024, it decreased in 2023 compared to 2022. If our revenue declines or fails to grow at a rate sufficient to offset our operating expenses, we will not be able to achieve and maintain profitability in future periods. We may never be able to generate sufficient revenue to achieve or maintain profitability, and our more recent growth and historical profitability should not be considered predictive of our future performance.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.**(a) Unregistered Sales of Equity Securities**

None.

(b) Use of Proceeds from Initial Public Offering of Common Stock

Not applicable.

(c) Repurchases

None.

Item 3. Defaults Upon Senior Securities.

None.

Item 4. Mine Safety Disclosures.

Not applicable.

Item 5. Other Information.**Rule 10b5-1 Trading Plans**

None of our officers or directors (as defined in Rule 16a-1(f) under the Exchange Act) adopted, modified, or terminated a “Rule 10b5-1 trading arrangement” or a “non-Rule 10b5-1 trading arrangement” (as each term is defined in Item 408 of Regulation S-K), during the three months ended March 31, 2026.
